SPONSORSHIP 2017

Letter from the President:

We strive to make local programs affordable to our members while bringing them quality information. We love to show off our industry partner showrooms so they receive maximum exposure to our membership. These relationships build lasting connections with those in the industry who are known for the quality of their work.

By becoming a sponsor, you help facilitate the events, meetings, programs and education necessary to run our local NKBA chapter, which is committed to all things in Kitchen and Bath! In return, we offer valuable exposure to our Texas North Plains Chapter members. Won't you please join us by becoming a sponsor?

Sincerely,

Jenifer Wiley—NKBA President

Who we are...

All together, our membership in North Texas Plains chapter consists of 669 professionals.
